

ANNUAL INDEX

The Logistics and Transportation Review Volume 9 - 1973

	Page
Ballou, Ronald H., <i>Planning A Sales Strategy With Distribution Service</i>	323
Breitenbach, Robert B., <i>A Research Methodology for Long-Range Logistics Planning</i>	57
Brooks-Hill, Frederick J. and Roger Chow, <i>The Investor's Return on Canadian Transportation Stocks From 1961 Through 1972</i>	281
Fleming, Marion S. and W.E. Bell, <i>PHAER Producers' Haul and Elevator Receipts</i>	119
Geldbach, A.R. and A.W. Wortham, <i>Forecasting Using Equations With Smoothed Coefficients</i>	253
Germane, Gayton E., <i>Subsidy Mechanisms - The U.S. Experience</i>	291
Hauer, Ezra, <i>Rationing of Road Use Between Competing Users</i>	237
Heggie, Ian G., <i>Urban Traffic Congestion: Solution by Restraint</i>	99
Khan, Ata M. and Salah G. Hamzawi, <i>Intercity Passenger Transport System Design: An Optimization Model</i>	27
Khumawala, B.M. and D.C. Whybark, <i>An Update On Warehouse Location Techniques</i>	195
Leister, Douglas V., <i>C.A.B. Policy and the Impact of Excessive Competition</i>	173
Luger, Paul P., Frank A. Valente and Jonathan D. Young, <i>Bicubic Spline Solutions For Second Order Homogeneous Partial Differential Equations on a Rectangle</i>	367
Morrall, John F. and Loyde H. Morasch, <i>Transit Planning Models for Calgary</i>	161
Patton, Edwin P., <i>AMTRAK - Some Interesting Correlations</i>	227
Piper, Robert R., <i>Congestion Cost Pricing for the General Aviation Airport Runway</i>	207
Plotkin, Howard, <i>Mobile Radio - A Pickup and Delivery Tool</i>	357
Rakowski, James P., <i>Innovative Ratemaking and Railway Efficiency</i>	217
Rea, John C. and David C. Nowading, <i>A GPSS Model for Simulating Multiple Channel Deep-Draft Canals</i>	263
Shurson, Gordon W. and Gordon A. Sparks, <i>Centralization of Country Elevator Operations and its Impact Upon the Rural Road Network</i>	141
Taylor, Robert L., <i>A Conceptual Approach to Macrologistics System Analysis</i>	11
Tripp, Robert S., Norman L. Chervany, and Frederick J. Beier, <i>An Economic Analysis of the Multi-Modal Transportation Company: A Simulation Approach</i>	69
Tyrchniewicz, Edward W., <i>Rationalizing Grain Movements</i>	131
Tyrchniewicz, Edward W., <i>The Feed Freight Assistance Program In Canada</i>	305
Warren, I.H. and E. Devuyt, <i>Transportation Economics and the Extractive Metallurgy of Copper</i>	335
Welsby, J.K. and V. Corbett, <i>Gravity Models as Forecasting Tools: An Application to Canadian Domestic Air Travel</i>	85
Wortham, A.W. and A.M. Mayyasi, <i>Space Constraint in Inventory Control</i>	3
